

Shaping Reality in Commercial Real Estate

Inaugural CRE Hackathon August 26 - 28, 2016

TYPES OF PARTICIPANTS:

Partners - \$5,000 Entry

Industry partners are companies that work in or around commercial real estate, who are looking to have challenges solved for. These organizations can be from a variety of industries including Architecture, Construction, Real Estate Development, Furniture Suppliers, Interior Designers, Real Estate Developers, Legal, Analytics, and more. By partnering, these companies have VIP access at the event, invitations to all deceptions and tech demos, and they get to have technical solutions built around their purposed challenge.

The Perks of Partnership:

- You get to pose a challenge for the developers to hack!
- Allowed to recruit at the event
- Logo prominently displayed on Website and T-shirt
- Provide swag for giftbags and giveaways
- Access to developer / sponsor event mailing list
- Company booth space at the event
- Host a workshop during the event
- Company introduction and profile during opening & closing ceremonies
- Premier location for logo on shirt and website
- Company banners at the event
- Access to all raw video footage taken during the event

SPONSORS

Sponsors are organizations looking to connect with the greater technology and real estate community. This event gives them incredible opportunity to show their wares and connect with the great people involved in CREforge.

Sponsorship Levels:

\$1,000 - BRONZE

- Access to job-seeking developers
- Logo on Website and T-shirt
- Provide swag for giftbags and giveaways

\$2,500 - SILVER

- All Bronze perks
- Access to sponsor event mailing list
- Company booth space at the event

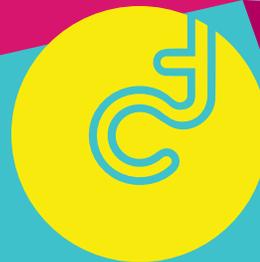

DEVELOPERS

We're looking for developers and programmers from all walks of life. From web development, mobile, front end, back end, database, and the like, we seek out professionals that yearn to innovate and create something unique for our event. As a developer at CREforge, you will choose the challenge you wish to solve, and collaborate with other developers to solve it. The event will take place over 3 days, and we will award numerous prizes at the close of the event. CREforge will provide all of your food, snacks, and beverages during the event.

Note: This is an open API event, all code is owned by the teams of developers that create it.

HOW DO I GET INVOLVED?

You can register for the event at www.creforge.com

CREFORGE

Transwestern Office
200 W. Madison, Chicago
